

# PRODUCT OVERVIEW

[www.scvvalve.com](http://www.scvvalve.com)

TRUNNION MOUNTED BALL VALVES • THRU CONDUIT GATES VALVES • FLOATING BALL VALVES •  
PISTON CHECK VALVES • FULL PORT CHECK VALVES • LUBRICATED PLUG VALVES

## THRU CONDUIT GATES - SLAB & EXPANDING

**Design: API 6D**

Sizes: 2" - 42"

Class: 150 - 1500

Standard stock.

**Design: API 6A**

Sizes: 9", 11" & 13-5/8"

Pressure: 2000, 3000, 5000

Limited inventory availability. All sizes and pressure classes made to order.

## 3-PIECE TRUNNION BALLS

**Design: API 6D**

Sizes: 2" - 42"

Class: 150 - 2500

Standard stock.

Bore Coating: Scotchkote™ 134

**Design: API 6A**

Sizes: 2-1/16" - 7-1/6"

Pressure: 2000, 3000, 5000

Limited inventory availability. All sizes and pressure classes made to order.

## PISTON CHECKS

**Design: API 6D**

Sizes: 2" - 24"

Class: 150 - 2500

Standard stock.

## FULL PORT SWING CHECKS

**Design: API 6D**

Sizes: 2" - 36"

Class: 150 - 2500

Standard stock.

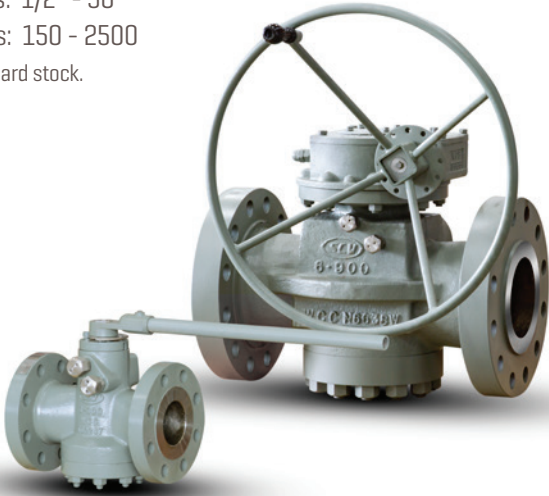

## LUBRICATED PLUGS

**Design: API 6D**

Sizes: 1/2" - 30"

Class: 150 - 2500

Standard stock.

## FLOATING BALLS

**Design: B16.34**

Sizes: 1/2" - 12"

Class: 150 - 1500

Standard stock.

## WEDGE GATES

**Design: API 600**

Sizes: 2" - 48"

Class: 150 - 2500

Limited inventory availability. All sizes and pressure classes made to order.

## GLOBES

**Design: API 623**

Sizes: 2" - 24"

Class: 150 - 2500

Limited inventory availability. All sizes and pressure classes made to order.

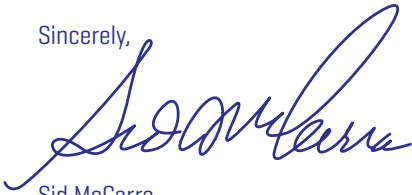

Over past several decades, SCV Valve has become one of the most well-respected and trusted brands in the marketplace built on a foundation of consistent performance with an unwavering commitment to quality.

SCV Valve takes sincere pride in our ability to manufacture both commodity and specialty valves with timely delivery capabilities and competitive prices. Industries served include the power, paper and pulp, oil and gas, and petro-chemical sectors. All sizes, pressure classes, and metallurgical compositions are managed in house utilizing the strictest quality control measures to ensure the customer's total satisfaction.

SCV Valve products include thru conduit gates, wedge gates, globes, full port swing checks, piston checks, trunnion mounted balls, floating balls, and lubricated plugs. Valves utilized throughout the industry must meet rigorous quality and production standards. SCV Valve has earned its API 6A, API 6D, ISO: 9001, CE-PED, and CRN certifications while operating under the API Q1 Quality Management System.

On behalf of all of the members at SCV Valve, we thank you for the opportunity to earn your business.

Sincerely,

Sid McCarra  
President  
SCV Valve, LLC

SCV Valve's reputation is unparalleled for producing high quality commodity and specialty valves. Standard stock product range in sizes 1/2" - 42", in pressure classes from 150# - 2500# and are backed by timely deliveries and competitive prices.
